Committee Reports

- Advocacy Committee. In the process of preparing training program. Had meeting with team after submitting outline. We're working on the scripts, which will be submitted to attorney general's office. Plan to get prominent journalists for narration, lawyers from GA First Amendment to explain legal aspects. Working with officers too.
- Freelance Committee. Did not have meeting. Working on scheduling now. Freelance event well done with great turnout and engaged audience. Attendance 19-25.
- Events Committee. One more event in Fall Series. Would like more board participation, including reach out to internal networks and social media outreach. Charlotte expects all board to attend last event.
- Student Affairs Committee. No new discussions beyond student rights event. Great event, had solid attendance, 12-15. After Fall Series over, committee will look at next program.

New Business

- Discussion of Zoom trolls.
- End of the year coming up. Will need to begin discussion of elections next month.
